DECISION ON PETITION TO
RESET PERIOD FOR REPLY

This is a decision on the petition filed on February 1, 2002, requesting that the shortened statutory period for reply set forth in the Office action mailed on December 5, 2001, be reset to run from the date on which the Office action was actually received at the correspondence address of record.

The petition is **granted**.

Petitioner has provided a statement that the Office action in question was received at the correspondence address of record on January 9, 2002.

Petitions to reset the period for reply to an Office action due to late receipt of the action are treated in MPEP § 710.06. As set forth in MPEP § 710.06, a petition to restart the previously set period for reply should be filed within two weeks of the date of receipt of the Office action at the correspondence address. In view of the fact that the Office action was mailed between October 13, 2001 and January 2, 2002, when delivery of mail from the Office to certain regions of the country was delayed, this requirement will be waived. Petitioner is advised that any future petition to reset the period for reply to an Office action may not receive favorable consideration unless filed within two weeks of the date of receipt.

Accordingly, the shortened statutory period that was originally set forth in the Office action originally mailed on December 5, 2001, is hereby reset to run FROM THE RECEIPT DATE OF January 9, 2002.

The application file is being forwarded to the Central Files of Technology Center 2800 to await a response to the Office action. No fee is required for the petition.
